

## **Sustainable Waste Solutions Expands Management Team**

SOUDERTON, PA (March 15, 2011)—Sustainable Waste Solutions (SWS), a landfill-free waste and recycling company, announced the expansion of its management team with the arrival of veteran General Manager Joseph Zarabba. Zarabba will manage daily operations and work in conjunction with Marketing and Sales to ensure clients continue to receive premier services.

Zarabba has a wealth of business experience spanning nearly 20 years, including 11 years in the transportation and waste industries. He has served in a wide range of positions from account executive, service center manager to marketing manager and operations manager. He received his B.A. in Industrial Psychology and B.A. in Business Management from Immaculata University.

Randy Hendricks, Founder and CEO of SWS stated, “We are proud to expand our management team with the addition of a seasoned manager. The company has experienced significant growth last year and it was critical to hire a General Manager with a depth of experience. I am confident Zarabba will ensure that we deliver on our promise as we continue to grow.”

### **About Sustainable Waste Solutions**

Sustainable Waste Solutions, LLC, an environmentally green recycling and solid waste services company, is the first landfill-free waste company in our region. Its focus is converting trash to renewable energy. Headquartered in Montgomery County, Pennsylvania, Sustainable Waste Solutions serves its clients throughout Southeastern Pennsylvania, Lehigh Valley and Delaware.
